

Dear Family,

We have good news! INFOhio (infohio.org) has subscribed to an engaging digital science resource that you and your child can access from home! ScienceFlix is an online resource that focuses on interesting subject-area science content for students spanning Grades 6–8.

Each ScienceFlix unit will help your child hone literacy skills while bolstering their understanding of important science, technology, and engineering concepts. Rich multimedia, science news, careers, hands-on experiments, and projects offer a number of different ways to engage with the content. Your child can access ScienceFlix at home or anywhere there is an internet connection.

ScienceFlix enables students to:

- Build strong science knowledge with 80+ units of study featuring nonfiction articles, videos, and a wealth of related media.
- Deepen their understanding of science curriculum concepts with units on Earth Science, Space Science, Life Science, Health & Human Body, Physical Science, and STEM.
- Develop inquiry-based learning skills with hands-on projects, experiments, and opportunities to dive deeper into each topic.

To get started with ScienceFlix, go to infohio.org. Click Grades 6–8 and choose ScienceFlix. Use the username and password to log in, if needed.

Please enjoy and happy learning!
